

## COUNTY BEGINNING TO FEEL EFFECTS OF COAL MINERS STRIKE

**Coke Closures in Several Cities on Account of Famine—Union Chiefs Refuse to Make Any Comment.**

CHICAGO, Nov. 3.—Today, the first real test day in the long strike of bituminous coal miners, passed without a break of any consequences in the general cessation of production, despite the inactivity of the leaders of the United Mine Workers because of the government's renege order. During the day there was a further movement of troops into affected areas, although only one minor strike was reported.

There was a report that a break among union miners had occurred in the northern West Virginia fields, it was said, fifteen mines were in operation, miners operators alike asserted that the production of soft coal was paralyzed. It also was reported that some union miners resumed work in one Colorado mine when operators agreed upon a settlement whereby wages would make such wage increases as were later effective in eastern fields.

Union leaders admitted that, because of the renege order they were doing nothing to induce non-union workers to walk out. In Ohio, five of six stripping mines were operating.

Approximately 425,000 tons of coal, according to union claims, conceded by most operators' consumers were being used to feel the effects of the strike in production.

Thousands of cars of coal were being consigned by the federal administration, a few of which were closed in remote areas and in a number of cases, water and electric companies were affected.

Operators generally making no attempts to mine reports from the various states said that they were blown this morning by mines with a little hope that workers might be in to open the mines.

Operators of the O'Gara mine in Illinois which furnishes coal to Grant cantonment were told to resume work today despite the fact that the government's order was still in effect.

Billings, Mont., it was announced today that the schools were not open tomorrow because of coal famine. More than 100 pupils and 120 teachers will be affected. Some towns in Alaska also face the closing of schools unless coal shipments in Colorado are received.

The situation as may soon affect the consumer was stated in a report from Knoxville, Tenn., where coal operators entered an agreement to the supply of coal to domestic consumers to two tons. Initial buyers were cut off. The report said that only a fifteen day supply was on hand.

Thomas T. Brewster, chairman of coal operators' scale committee announced tonight that mine owners would not consent to any proposition put forth by miners until they had returned to work.

Ignite coal workers of North Dakota, represented by Henry Morgan of Billings, president of district, presented demands which will be considered tomorrow by mine operators. Details of the demands have not been known but an increase in wages together with other provisions which the miners say are needed to prevent the miners of state from endangering their lives of victory are contained in the demands.

William G. McAdoo, who is in charge here today that he was nothing of the suggested union of the miners to employ as their counsel in the strike did he say whether he would accept such an offer were made, according to C. H. Jenkins, president of the Northern West Virginia Coal Operators' Association, the fifteen mines reported to be in operation in that part of state are small ones.

From Leavenworth, Kansas, reports that persistent reports indicated that prisoners in the United States disciplinary camps and the federal prison be used, if need be, to mine coal for the use of the army and the city water and sewer plants.

Union Heads Refuse to Talk. Indianapolis, Ind., Nov. 3.—Since his return from Springfield, this afternoon, Acting President John L. Lewis of the United Mine Workers of America, has consistently refused to discuss the strike of bituminous coal miners or make any comment on developments in connection with the strike. Asked specifically regarding the reported message sent by Samuel Combs and a telephone conversation with Warren S. Stone, Grand Chief of the Brotherhood of Locomotive Engineers, he would only reply that he had nothing to say. Mr. Lewis did report that he had received a message from Secretary of Labor Wilson reminding him that an offer of President Wilson to arbitrate the strike still stands.

## SUFFERING OF BOYS AT CAMP SHERMAN TOLD

**Sick Exposed to Zero Weather for Weeks as Result of Negligence.**

CAMP SHERMAN, OHIO, Nov. 3.—Charges that willful negligence on the part of steamfitters employed in the construction of the base hospital at Camp Sherman resulted in exposure for weeks to the zero weather prevalent in late October and all of November 1917 of sick soldiers confined there were among the startling disclosures made before the congressional sub-committee by Joseph Poole, Chillicothe contractor today. The evidence given by Poole will be followed up to fix the responsibility for the suffering of the men according to Chairman John C. McKenzie and Chief Examiner Roscoe C. McCulloch of the committee.

While sick soldiers were blue to their knees with the bitter cold, steamfitters supposedly equipping the hospital wards with steam heat were gambling and warming themselves over their gasoline torches. Poole told the committee. He asserted that the weather was so cold the nurses wore their furs when they tended the sick and the doctors wore their sheep skin lined coats and the patients had no heat whatsoever.

Poole, who was employed by the A. Benley & Sons Company, of Toledo, as a carpenter foreman at the base hospital, characterized the attitude of the steamfitters as "disloyal" and as the "worst" he had ever seen.

Games of chance were worked among the men, the witness declared. Two or three days every week somebody would come around and have the men buy watches and other things, he said.

Other witnesses corroborating Poole's testimony as to the idling of the men and the wastage of material and generally agreed that the work could have been done more satisfactorily and in quicker time by from two-thirds to one-half the number of men on a given job. Taylor Thornburg, Chillicothe laborer told the committee that his foreman told him to "shut in the corn field" and that from 18 to 20 of them spent from a week to ten days in the corn.

He said he drew pay from the Y. M. C. A. and from the government for the same work.

"You might as well have some of the extra extreme the other men are getting," was the statement Jesse Brandon testified a foreman made to him. On the following day he said his foreman gave him a \$13 extra. When he spoke of it to the paymaster, he declared the latter told him he couldn't count. On another occasion he said there was \$6 extra in his pay. He said he was hired to watch "gravel wagons" and that as a rule no more than three wagons appeared where he was on a given day and some times he said there was only one.

For this, he said, he was paid \$51.60 weekly. When the men could not get anything else to do they chiselled pieces out of the floor so that they would have to cut and fit new pieces, was the assertion made by R. D. Ferguson, Chillicothe carpenter. He told of a man spending three days at the play window to collect 30 cents he was short in his pay, all the while drawing his regular pay of 60 cents an hour as a carpenter.

**HAD A FEW WORDS**  
A group of young men arrived in the city from Rushville, a former residence of Rev. D. K. Gowdy, the worthy pastor of Centenary church and called on their former spiritual leader, induced his wife and daughter to accompany them home later on they did. The wife of the minister and loved ones were wholly kindly and they were expected back by train last night or today.

**EMPLOYEES OF CIGAR BOX FACTORY WALK OUT**  
Ten women employees of the Jacksonville Cigar Box factory quit work at noon Monday. It is said that the employees quit work after being unable to get an increase in wages from Fred Drake, the proprietor of the factory.

There are twelve employees in the factory, two of whom remained at work. All of the employees are paid for piece work. The factory employees are not organized.

**TO RESIDE IN OKLAHOMA**  
Mr. and Mrs. William Jones left the city several days ago for Oklahoma where they will make their home. They have many friends here who regret to see them leave the city, but who unite in wishing them success in their new home.

**SALT SHORTAGE IN FRANCE**  
Paris, Nov. 3.—Salt has been added to the list of commodities lacking in France. For a fortnight it has been impossible to obtain salt in many of the Paris shops. Inadequate transportation facilities is declared to be the chief cause.

**WILL HOLD OPEN MEETING**  
The Orleans Woman's Country club will hold its annual open meeting at Mrs. George Holley's east of Arnold station at 7 o'clock Wednesday, November 5th.

**ERNEST FERNANDES RECEIVES CALL**  
Rev. Ernest Fernandes has received a call to the Presbyterian church at Wellington, Ill. Mr. Fernandes has been supplying there and as a result received a charge. The young minister showed great promise and will without doubt all his new charge to the satisfaction of his congregation and credit to himself.

**WILL HOLD OPEN MEETING**  
The Orleans Woman's Country club will hold its annual open meeting at Mrs. George Holley's east of Arnold station at 7 o'clock Wednesday, November 5th.

## Propose Plan To End Miners' Strike

CLEVELAND, O., Nov. 3.—That the United States government withdraw its federal injunction against the coal strike leaders at once and that the miners return to work under a guarantee of a wage increase of fifteen or twenty per cent, effective Nov. 1 or upon their return to work, are proposed in a plan of compromise by A. L. Falkner, federal commissioner of conciliation here today in an effort to avert a continued crisis in the coal strike. Mr. Falkner further proposes that:

Operators be permitted to add the increased wage cost to the war time fixed price of coal.

A board of arbitration, one member representing the miners, one the operators and third to be a neutral member selected by the first two or appointed by the president be named to determine just wages, hours and yearly contracts.

The report of the arbitration board be made public and effective prior to April 1, 1920, at the expiration of the period during which the miners receive the 15 or 20 per cent increase over their present wages.

It is understood Mr. Falkner has wired his proposal to Secretary of Labor Wilson.

## GOVERNMENT TAKES OVER 15,000 CARS OF COAL IN PITTSBURGH

**Will Be Kept for Operation of Railroads and Essential Industries**

WASHINGTON, Nov. 3.—Admission to the International Labor Conference of the labor delegates from Japan, France and South Africa against whom protests had been presented, was decided upon today by the credentials committee of the conference. The question of seating the Argentine labor delegate also protested, went over until the delegate arrives in the United States.

The committee also will recommend that the Cuban capital delegate while retaining his seat be deprived of a vote in the absence of a labor representative from that country.

There were no developments during the day on the situation created by the fact that fourteen statements have been submitted by labor delegates were inclined to make a fight against their participation in this conference.

Others were disposed to allow their sessions undisturbed, but to insist on a change before the next annual meeting in the divisions day down the basis of representation. The question was referred to the committee for drafting orders, but no action was taken today.

News that a party of fourteen Germans believed to be delegates to the conference had not sailed as had been reported was contained in a message received by the state department and made public by conference officials.

The question of unemployment came to the floor of the conference today, but after a short debate was referred to a commission of nine for investigation and report. The commission was instructed to consider the treatment to be accorded allied workers in enemy countries and vice versa and the principle of reciprocity demanded by Gino Bildesti of Italy.

Discussion on the first question arose in connection with the Austrian treaty of peace but was referred to the conference here by the supreme council without recommendation. Debate on the 8-hour day and the forty eight hour week will open tomorrow.

**ZAPATA'S BANDIT ARMY SURRENDERS**  
GALVESTON, Texas, Nov. 3.—Holding a position that was impregnable against assaults by arms, but forced to submission thru lack of water and provisions the last remaining forces of Emiliano Zapata's army surrendered yesterday to Mexican federal forces under General Corsio Revolo, according to official reports received here today by Mexican consul Meade Pardo.

For fifteen days the Zapata force estimated at between 900 and 1,000 men had been surrounded in their hiding place the old Spanish silver mine of Huamantla in the state of Morelos, according to Consul Pardo's report. Having retreated before a force of 3,000 federal soldiers Zapata's troops took up defensive positions at the mine and defied Carranza's army. General Revolo, however, did not attack, but invested the mine with a cordon which effectively cut off retreat.

**LITERBERRY COUPLE MARRIED IN MISSOURI**  
Miss Olive M. Hitchens Becomes Bride of John R. Chapman—Marriage Took Place at Palmyra, Mo.

John R. Chapman and Miss Olive M. Hitchens, both of Litterberry were united in marriage at Palmyra, Mo., Saturday, Nov. 1. The bride is the daughter of Mr. and Mrs. J. S. Hitchens and is a popular young woman of Litterberry and highly regarded by a large circle of friends.

The groom is the son of Mr. and Mrs. A. Chapman and commands the respect of all who know him. They will have the best wishes of many friends for a long and prosperous married life.

## CONFERENCE TAKES UP THE QUESTION OF SEATING DELEGATES

**Representatives of Japan, France and South Africa Seated Tuesday.**

PITTSBURGH, Pa., Nov. 3.—No less than 15,000 cars of coal were on sidetracks in the Pittsburgh district tonight, confiscated by the government for use, should the strike of coal miners continue, for the operation of railroads and essential industries.

Union mines generally were closed in spite of the fact that whistles were blown and the pits kept open for such of the strikers as desired to return to work.

Non-union mines held about the same position in the struggle as was expected when the strike was called. Most of them were in operation with the usual working forces. Union leaders, because of the court proceedings were doing nothing to induce non-union men to join the movement it was said.

In a number of communities water and electric companies were beginning to feel the effects of the mine suspension, but all such distress was expected to be relieved immediately.

No change appeared in reports from the central Pennsylvania field where union officers claimed the strike order was being followed in the most satisfactory manner.

## ALEXANDER RESIDENTS MOVE TO JACKSONVILLE

**Fred B. Six and Family Now Citizens Here—Daughter Attends Local High School.**

Alexander, Nov. 3.—Fred B. Six and family moved to Jacksonville today. Miss Six is attending high school at Jacksonville this year and the family moved to the city mainly for this reason. It is not known whether their permanent residence will be Jacksonville or not. It may be that they will return to Alexander in the Spring.

Mrs. Frank Colwell and sister Miss Margaret Young expect to leave Tuesday for a point in Arizona near Phoenix to spend the winter.

## ARREST CONFIDENCE BAND LEADER

CHICAGO, Nov. 3.—John Henry Strosider, alleged leader of a band of confidence men, recently implicated in a \$10,000 sock swindle, and who had his headquarters in Atlanta, Ga., gave himself up to Chief Mooney this morning. Arthur Mitchell, a Chicago broker, one of the victims alleged that he was swindled out of \$10,000, the deal being arranged in Atlanta. Strosider's operations are said to have netted him nearly half a million dollars. He was recently paroled from Joliet where he had been sent for operating a confidence game.

## LARGE STORES OF DYNAMITE SEIZED

CHICAGO, Nov. 3.—Police and federal authorities here were notified today that dynamite sufficient to blow up several city blocks was stolen from the I. E. DuPont de Nemours and company plant at Lambert, Ill. The theft occurred last night or this morning.

The police believe the explosive was stolen by "Red" agitators, who intend to use it in bomb outrages in Chicago.

## BUBONIC PLAGUE IN NEW ORLEANS

New Orleans, La., Nov. 3.—Four cases of bubonic plague, two of which resulted in deaths, were reported last week in New Orleans.

## PURCHASED RESIDENCE

Frank J. Whitaker has sold his residence property, 726 South Church street to Mrs. Martha E. Rawlings. The sale was negotiated thru William McCullough. Mrs. Rawlings' son Wayne Rawlings will occupy the residence.

## LEADERS FAIL TO FIX FINAL DATE FOR ROLL CALL

**Continued Deadlock Over German Peace Treaty Fight Is Feared.**

WASHINGTON, Nov. 3.—Further indications that the treaty fight may lead to a continuing deadlock developed today while the senate leaders were trying in vain to fix a definite date for a roll call on ratification. Administration senators suggesting that the final vote be taken this week, indicated a purpose to defeat ratification by combining with the treaty's irrevocable opponents should the reservations adopted by the foreign relations committee be written to the ratification resolution. Whether the administration forces then could present an alternate resolution under senate rules was brought into question by Republican leaders who predicted that even if such a resolution got consideration, it too, would be voted down.

**LaFollette Amendment Today.**  
The senate may reach a vote tomorrow on Senator LaFollette's amendment to strike out the labor provisions and then, unless some new plan is devised to hasten action other amendments and a long list of proposed reservations will be taken up. The administration proposal for a vote this week was presented by Senator Hitchcock of Nebraska, the Democratic leader after he had blocked one by Republican Leader Lodge calling for a final vote on November 12. A final vote on that date declared that Mr. Hitchcock would mean that the only opportunity for a showdown on ratification must come on a resolution drawn up by the treaty's enemies and containing reservations unacceptable to the administration senators.

**Leaders Confer.**  
Mr. Lodge in a blocked the administration program which would have provided for a vote Thursday on the committee resolution with its reservations and would have Friday and Saturday for consideration of any compromise resolution agreed by the Democrats and the mild "reservation" Republicans.

Senate parliamentarians said there was no precedent to throw light on the question of whether defeat of the committee resolution would be a final rejection of the treaty or would leave the way open for offering other ratification proposals. Late in the day, Senators Lodge and Hitchcock conferred with Vice-President Marshall on the subject and it was said a parliamentary battle undoubtedly would develop when the ratification stage is reached.

Incidental to an attack on peace treaty provisions setting up an international labor conference Senator Sherman, Republican of Illinois asserted that the international labor conference now meeting in Washington, was "a menace to our domestic peace and prosperity."

"Our government is now under the agency of a family and a bunch," the Illinois senator said, "but if I were in executive position with them, I would deport some members of this conference. Europe has sent men here who are interested solely in promoting discontent and fanning the flames of violence. We've got enough domestic troubles of our own, with the steel strike and its leaders, and with men like John L. Lewis heading the bituminous miners who are striking so that it is no time to settle here a conference of firebrands."

Presenting a report of comparative wages paid for labor in the United States and other parts of the world, Senator Sherman said American workmen stood only to lose by pooling their interests in an international adjustment.

Following the business session a program of great merit was given and greatly enjoyed. This was followed by oysters and a smoker. L. B. Turner acted as chairman during the program which follows:

Piano selection—George Gerlach.  
Memory Test—Elzie Brown.  
Vocal Solo—Miss Fernie Haigh.  
Accompanist, Miss Joyce Estaque.  
Reading—Miss Frances Alkire.  
Quartet—James Guyette, C. B. McGill, H. C. Hopkins and Maurice Peckham.

## DOKAYS HELD FIRST REGULAR MEETING

**Members of Hiderim Temple Held First Meeting Winter Season—Program Is Given.**

Members of Hiderim Temple No. 62, D. O. K. K., held their first regular meeting of the winter season in Castle Hall Monday evening.

There was a large attendance and a business meeting was first held with William E. Thomson, Rev. Vizier, presiding.

Following the business session a program of great merit was given and greatly enjoyed. This was followed by oysters and a smoker. L. B. Turner acted as chairman during the program which follows:

Piano selection—George Gerlach.  
Memory Test—Elzie Brown.  
Vocal Solo—Miss Fernie Haigh.  
Accompanist, Miss Joyce Estaque.  
Reading—Miss Frances Alkire.  
Quartet—James Guyette, C. B. McGill, H. C. Hopkins and Maurice Peckham.

## WILL VISIT CHICAGO AND OTHER NORTHERN POINTS

Mrs. Milton M. Wood and daughter, Miss Emma, Miss Kathryn Harmon, Mrs. Jerry Ryan and daughter Miss Rosemary departed this morning for Chicago. They will enjoy a visit with Mrs. Ryan's son, Mr. Ralph L. Ryan, assistant cashier of the Stockman's Trust & Savings Bank and other relatives while in the city. Miss Emma Wood and Miss Kathryn Harmon expect to visit at Detroit and other northern points before their return.

## PROBATE COURT

In the estate of Fred Yording, letters of administration were ordered to issue to Albee Yording in the estate of Mary E. Flynn, the will was admitted to probate and Carl E. Robinson was appointed guardian ad litem for minor heirs.

In the estate of John Blue, the petition for sale of real estate to pay debts was allowed and F. L. Gregory was appointed to represent minor heirs.

## MOTHERS AND FRIENDS ASSN. TO MEET TODAY

The Mothers and Friends association will hold the regular monthly business meeting this afternoon at the home of Mrs. D. L. McCarty, 934 North Main street.

## EARLY SETTLEMENT OF STRIKE DIFFICULTIES NEAR, OFFICIALS SAY

**Influences Are Being Brought to Bear Everywhere for the Return of Men—First Break of Ranks in W. Virginia.**

WASHINGTON, Nov. 3.—Official Washington was firm in the belief tonight that the end of the coal strike was near.

There was nothing definite or tangible in the way of actual developments to justify this hopeful idea of the situation but everywhere the feeling prevailed that influences were being brought to bear to have the strikers, numbering more than 400,000 return to work.

Confidential reports to the department of justice from its agents in the coal fields were said to show many defections from the ranks of the strikers. Some of the reports said that large numbers of idle miners had declared they wanted to return to work but were afraid.

In this connection officials reiterated that adequate protection would be given. There was no specific statement as to how this would be provided but it was explained that troops would be available at the call of any governor who believed it necessary to preserve order or protect workers. Detailed reports from the fields, reaching into 28 states showed the first breaks in the ranks of organized labor in West Virginia and Colorado.

Advises to Washington headquarters of the operators said that all non-union mines were working to full capacity and turning out considerably more coal than on Saturday. Some of the operators' reports said that union men had gone to work in non-union mines and that there was growing sentiment that the men themselves should have had the right to vote on the strike before it was ordered.

This information to a large extent was in line with that received by the government especially as to defections. Officials said the strikers realized public sentiment was against them and some labor leaders also were taking this view.

Attorney General Palmer, handling the main end of the government's case, went to Pennsylvania tonight, feeling, it was said, that his credit might be over before Saturday, the day on which the temporary injunction restraining officers of the miners' organization from activity was made returnable. Asked what the government would do that day an official said:

"We will not cross that bridge until we get to it."

The fact that no disorder was reported anywhere by department of justice agents was taken as a good sign that conditions were hopeful and that the miners realized it was a time for sober judgment and action. Several miners meetings were scheduled for tonight in the coal fields and it was thought here that these might have an important bearing on the general situation.

What it had been the government's first reported intention to let the strike wear itself out, hope of settling it put all agencies to work and some direct steps were taken, but their nature were not disclosed.

The sweeping powers of the federal court injunction in cutting off all strike benefits is being relied upon by the government to bring the strike to a speedy end. Local representatives of the United Mine Workers of America were notified today that checks to cover expenses for the last half of October could not be sent at this time because of the court's order. It is largely because of this fact that leaders themselves look for early peace in the industry. Three conciliations of the court's field were in conference with officials of the department today and gave first hand information as to actual conditions. They were Hymel Davis and James Purcell of Kentucky and William Rogers of Iowa.

The question of possible curtailment of train service has been left to regional directors for determination.

## A BAD ACCIDENT

Yesterday morning Mrs. Blanche Seville, daughter of Thomas Martin, 902 Hackett avenue, attempted to crank a car in her right wrist was broken. She was taken to the office of Dr. A. M. King where suitable attention was given her.

## WEATHER INDICATIONS AND TEMPERATURES

Illinois:—Cloudy and much colder Tuesday, cold wave; Wednesday fair and rather cold, fresh northwest winds.

**Temperatures**

While the public is vitally interested in the coal strike and a majority protest against the position taken by the miners, it is just as well to remember that very few people would be willing to take the miners' positions if made vacant. The average earnings of the miner is said to be \$8 to \$10 a day when he works. A miner is well paid but the surroundings are unpleasant.

Don't forget that this is election day. Be sure that you vote at the correct polling place. If in

doubt call the county clerk's office and ask for information. It will be well to remember too that George A. Wheeler, who is the Republican candidate for county commissioner, is qualified to give the people of the county efficient service. He is ready and willing to help solve the business problems of Morgan county and to keep constantly in mind the best interests of the whole people.

## DANGER IN PUBLIC POLICY QUESTIONS.

Questions of public policy will appear on the ballot in the election today. Both men and women have the right to vote. The proposal for an initiative and referendum provision for the constitution of the state presents a serious danger. Such a provision in the constitution would make it comparatively easy for a small minority of the people to foist their will upon the majority. Let the delegates to the constitutional convention be elected without instruction as to particular measures, and that is what is proposed in the public policy questions appearing on the ballot today.

A pledge to work for full ratification of Suffrage was renewed by hundreds of Illinois Republican Women delegates to the Suffrage convention in Chicago recently.

That the women would also put forth added effort to work for suffrage delegates to the constitutional convention was stressed by Mrs. Fletcher Dobyns in outlining plans to her co-workers. "Broad-minded, public spirited women citizens, sane personalities and personal ambitions, are in the making when women learn that the surest way to bring about a realization of their political ideals is to work thru their chosen party," said Mrs. Dobyns.

## THE GREATEST MOTHER IN THE WORLD

Altho the Red Cross campaign does not begin in an aggressive way in Jacksonville until today, special mention was made of Red Cross work in all the pulpits Sunday. Ministers did not need to devote a great deal of time to the subject because their audiences were all familiar with Red Cross work and the beneficent principles for which the organization stands. The poster, "The Greatest Mother in the World" was conspicuous from every pulpit and that poster itself called attention to the membership drive in a way fully as forceful as the spoken word. "The Greatest Mother in the World" is certainly a fitting

poster for the greatest organization in the world.

## SOUND SENTIMENTS

A speaker before a well known club of New York City has this to say of the apathy of the average citizen regarding politics: "It is the duty of every business man to take an active interest in politics. Many of us rail at the government, and say that it should do a lot of things to improve conditions, but the most that we do to help it is to vote in November. Some of us don't even do that. One reason for the great power of the labor unions is the interest the leaders take in political affairs. We must follow their example in this." There is a world of truth in those sentiments. If every citizen should translate his thoughts on national and local affairs into votes on election day, the minority that is now attempting to rule the country would be robbed of much of its power.

## THE BIG QUESTION.

It is expected that the railroads of the U. S. will be returned to their owners shortly after the first of the year. In view of this fact it is interesting to note the statement of the vice president of the Union Pacific, who says that any worth while methods introduced by the railroad administration will be retained and that certain conveniences which the public has missed will be restored. But even more reassuring is the statement from this high operating official that he believes the proper solution of the railroad problem is nearer at hand than ever before.

Those who pay much attention to economic and industrial problems of the country know that the railroad problem is basic. The railroads from a true barometer of business conditions and a satisfactory solution of railroad questions will augur for peace and prosperity.

Still another factor entering into the possibility for early settlement of the coal strike is that

the government entered the arena the war time maximum prices became effective. This means that so long as the government is in control the mine operators must charge about 70 cents a ton less than the prices recently in effect. With the desire on the part of the miners to secure more pay and the desire on the part of the operators to get back to the prices above the government maximum, the resulting double pressure should help along with a settlement of the existing difficulties.

The suggestion of a special strike board to consider the mining difficulties and others now annoying the American public sounds reasonable. This suggestion came from the railway engineers and has been transmitted to President Wilson's cabinet by Secy. Lane. There would of course be many difficulties for this special commission to overcome, but after all, it is very certain that there must be mediation—there must be some common ground found before the mine strike or the other disputes that are pressing for solution can be brought to an end.

## THE ABUSE OF STRIKES.

The right of American workmen to strike is not disputed but the Chicago Tribune points out that this right has its limitations, just as true of other rights guaranteed to mankind. The Tribune says:

"Thus the American public is confronted not only with what it believes is a reckless abuse of the strike, as in the Boston police strike and the coal strike, but also the assertion that organized labor holds the right to strike to be without limitation."

"No other right known to civilized man is without limitation. The right of free speech is limited, the right of assembly, the right to vote, the right to possess, and to use property, even the right to live."

"Only the right to strike, it seems, is not to be checked, limited, or circumscribed."

"We do not think organized labor can afford to set up any such contention. We are sure the general public will not accept it. If it did there would be an end of our form of government and society."

## Rippling Rhymes By Walt Mason

MARY'S LAMB

When Mary had her little lamb, existence was a joke; then people lived on pie and jam, and weren't always broke. The prices then were not so steep as those our markets quote, and so a girl could have a sheep, a warthog or a goat. If Mary had a lamb today, and wished to feed the same, and went to buy a bale of hay, she'd find the price a shame. And she would cry, "Oh, mutton dear, the prices freeze my blood; if you can't live on atmosphere, methinks your name is Mud. I gnash my teeth and mourn and weep to see you go away; but I must have a wooden sheep, that doesn't bleat for hay." When Mary had her little lamb you'd buy a herd of swine, for what you now pay for a ham, that's mostly bone and brine. Then little girls could have their lambs, to trail along behind, and bobcats, crocodiles and clams, and pets of every kind. And they could have their polar bears, and snakes, and snakes galore, and build them neat and cozy lairs beneath the kitchen floor. But now a girl would get in wrong, if she with pets should fool; and Mary takes no lamb along when she proceeds to school.

## FAMILY GATHERING OF BAPTISTS WEDNESDAY

All Members of Church Expected to Be Present at Cafeteria Supper—Sunday Big Day for Evangelist.

Sunday was characterized by great services thruout the day at the First Baptist church. Evangelist Yule spoke to the Bible school at 10 a. m., on the subject of "Watchfulness" watching one's words, actions, thoughts, companions and the heart.

The morning sermon on "Regeneration" or "The Man With a Lantern," was scriptural and one of the evangelists best up to date. The afternoon message on "Reconstruction" was popular and patriotic. Those who missed this address missed a masterpiece.

The evening message on "A Bad Bargain" was delivered to a packed house. Many hearts were thrilled and a great feeling of solemnity settled down over the great audience as eleven young people went to the front seat and acknowledged Christ as their Savior, signifying their intention to unite with some of the Jacksonville churches. These decisions were made while Mrs. Yule sang in a touching and beautiful manner "Where Will You Spend Eternity?"

Mr. Yule is an earnest and well equipped Bible student. He is a clean, clear and able speaker with pleasing appearance and manner. His application of the Word to daily life and his telling illustrations are interesting and profitable.

Evangelist Yule is not sensational. He argues to convince rather than to play upon the emotions, as evidenced by the results of the day's work.

Services every night at 7:30. Come early and enjoy the singing of Mrs. Yule and the chorus choir.

Afternoon services today and tomorrow at 3 o'clock. Mourns of personal instruction to young converts and those desiring to unite with the church Wednesday afternoon from 4 to 6.

There will be a great family gathering of all the members of the church for a cafeteria supper tomorrow at 3 o'clock. Hours of Those who drink coffee are requested to bring own sugar. Remember the hour and be on time.

## "WE ARE SORRY WE MADE YOU CRY"

But, "honest, we couldn't help it. Could we Mabel?" They went and assailed us and assailed us from every side. They didn't seem to have any civic pride. They didn't stop at one, two, three or four times, with their toasts, but kept on with those misleading boasts, about the Old Universals being laid on the shelf, etc., until we just could not keep from "telling" that we "thank ye" for tellin' the people what has become of the Old Universals. We know that we are away behind with orders, and we have been "tryin'" and "tryin'" to get cars as fast as the people wanted them, and just now we have found the reason. "Don't it beat ye?" We couldn't help it, "honest we couldn't." But, I am really afraid of "them thar Fours" for one of them pitched me in the ditch one day and then fell in on the "top-o-me." "I tell you Jim" I thought I was a "gonner." That was when I had the agency for them "fellers." You know I had the agency for them cars onct. That of course was when they had the 90, the 83, the 75 and—and not the "Four" with the springs so constructed that if one should break you would bust your "gas tank." But it seems from the different models they are making that the people are not satisfied and they keep on experimenting all the time. We can't help it, honest, we can't.

C. N. PRIEST, The Ford Man.

## HOME SERVICE HAS MANY PROBLEMS

This Department of Red Cross Work Renders Valuable Aid to Soldiers and Their Families.

The following list shows some of the more important ways in which the home service department of the Morgan county Red Cross chapter has assisted soldiers and their families during the past year:

By furnishing information, not only about legal affairs which concern the soldier, but also about all sorts of household and family matters.

By recovering the payment of back pay due when the soldier was discharged, and of bonuses and travel allowances to men who were discharged before the government assumed these liabilities.

By recovering property, such as trunks or clothing lost by men in service.

By securing Liberty bonds for which men have made allotments, but which have not been delivered to them.

By securing delayed allotments and allowances, and presenting allotment claims. For instance, a man may have entered the army without dependents, but if he was married later while still in the service, an allotment should be made for his wife.

By locating men in service whose families have lost track of them.

By helping men with insurance, reduction, reinstatement or conversion, and advising them as to the best kind of insurance for them to take out, considering the situation of their families.

By securing effects of deceased soldiers, and information concerning circumstances of their illness and death. The department was able to recover a pocketbook which had belonged to one Morgan county boy who died in France. The securing of this keepsake brought great satisfaction to the boy's father.

By putting disabled men in contact with vocational re-education agencies.

By assisting soldiers discharged without disability to file compensation claims for disabilities developed later.

By locating graves of men killed in France.

By protecting soldiers' property under the civil rights act. Three times in one week the department prevented landlords from ejecting soldiers' families from their homes.

By securing duplicate discharge papers when the originals have been lost or destroyed.

#### MUSICIANS ELECT NEW OFFICERS

John Kearns Chosen Head of Organization—Fred Goodrich Director of A. F. of M. Band.

Local Union No. 128, American Federation of Musicians held a regular meeting in the band room on Morgan street Sunday morning, and elected new officers to fill the unexpired terms of those recently resigned. J. Bart Johnson and Terrence Brennan. The new officers are John Kearns, president, and Thomas Drake, vice president. The union also elected Fred W. Goodrich as director of the A. F. of M. band, and accepted his invitation to hold their next regular meeting in his studio on South Main street.

The question of affiliating with the central body and that of securing new quarters for the union and the band, were turned over to a committee, and the property of the union ordered stored temporarily in a room donated for the purpose by Clyde Vasconcellos.

The union is in the best of financial condition, for all its light rate of dues and initiation fees, and now looks forward to activities interrupted by the loss of so many members to the army.

The Ladies' Aid of Christian church of Woodson will have a burgoose soup today. Ready at noon. Everybody welcome.

I will not be responsible for any bills contracted by any one other than myself. C. D. Meade.

Illini Lodge No. 4, I. O. O. F. Attention! Work in initiatory degree tonight. Refreshments.

### COUNCIL FIXES DATES FOR ISSUING NEW BONDS

Dates of Floating Indebtedness Bonds Will Bear Date of December 1, 1919—Filtration Plant and Removal of Light Plant Bonds March 1, 1920.

At the regular meeting Monday night the city council officially divided the \$210,000 bond issue into three parts. The date for the floating indebtedness bonds of \$131,000 was fixed for December 1, 1919, and for the filtration plant and removal of light plant bonds for \$35,000 and \$44,000 respectively for March 1, 1920.

There was some discussion of this matter and J. T. Walbridge, who has the contract for building the dam said that it would be better to let the contract for the filtration plant as soon as possible so that the contractor could get his material on the ground and be ready for work early in the spring.

Mayor Crabtree called the attention of the council to the fact that there would be between ten and fifteen thousand dollars left from building the dam, which could be used for the filtration plant and no other purposes.

The city council had two mayors during the meeting. Mayor Crabtree was compelled to leave at 9 o'clock to take the train for Chicago on Red Cross business and after he had gone the council elected Alderman Ehnie mayor pro tem.

#### The Proceedings.

Roll call showed all aldermen present. Mayor Crabtree presiding. The minutes of the last regular meeting were read and approved as read.

Engineer Henderson presented an estimate for laying water main in East Dunlap street. The estimate was referred to the water committee.

The reports of R. L. Pyatt, city clerk; John E. Pires, sexton of Jacksonville cemetery; Frank Kilman, chief of police; Dr. A. M. King, health warden; W. H. Cobb, water superintendent; Harry Summers, sexton of Diamond Grove cemetery and Justice of the Peace C. O. Bayha were read and received and placed on file.

Estimate No. 6 of the John T. Walbridge Engineering company was presented and ordered paid.

#### Division of Bonds.

Mayor Crabtree then brought up the matter of issuing the new bonds recently voted in the sum of \$210,000. Mayor Crabtree explained that it was necessary to make a division of the bonds, specifying the amount for each purpose. Mayor Crabtree also mentioned the fact that there would be a surplus from the water extension bonds of between ten and fifteen thousand dollars which could be used in building the filtration plant and for no other purpose.

Alderman Cain, seconded by Alderman Chapin, moved that the sum of \$131,000 be set aside for floating indebtedness, \$35,000 for filtration plant and \$44,000 for removal of the light plant. On roll call the motion carried by a unanimous vote.

On motion of Alderman Ehnie, seconded by Alderman McGinnis the date for the issuance of the floating indebtedness bonds be fixed December 1, 1919 and for the filtration plant and removal of the light plant bonds March 1, 1920. On roll call the motion carried by unanimous vote.

**Railway Track in Anna Street.** Mayor Crabtree stated that E. H. Gray, general manager of the Jacksonville Railway and Light company, wished to take up with the council the question of laying a railway track in Anna street to haul coal to the company's coal yards.

Mr. Gray presented a blue print of the proposed work and stated that he wanted to lay the track south across Anna street to the ground occupied by the company's small gas holder and then back

north across the street to the coal yards.

Mayor Crabtree said he hoped that the company could make some arrangement whereby it could haul coal to the plant over its own tracks. He was of the opinion that it would be a money making proposition for the city as there would not be the wear and tear on the payments.

Superintendent of Streets White also said if any street in the city needed to be improved it was that part of Anna street. He said Mr. Gray would pave inside the rails of the track and on the outside of the rails and it would be a great help to pedestrians as well as to teamsters using the street.

#### Ehnie Mayor Pro Tem.

Mayor Crabtree was compelled to leave the meeting at this time. After his departure the clerk called for nominations for mayor pro tem. Alderman Cain, seconded by Alderman Williams placed Alderman Ehnie in nomination. There being no further nominations the clerk declared the nominations closed and on roll call Alderman Ehnie was selected and took the chair.

On motion of Alderman Cain, seconded by Alderman Moore, the council decided to visit the scene of the proposed railway track in Anna street Wednesday afternoon at 4:30 o'clock.

Claims against the city were presented. Alderman Moore, seconded by Alderman Flynn moved that all properly approved claims be paid when funds are available. On roll call the motion carried by a unanimous vote.

The contract and bond of Walton & Company for furnishing coal to the municipal light plant was presented and approved.

#### Sidewalk Discussion.

J. W. Baptist & Company was the only one to present a bid for building sidewalks in West Walnut street for which an ordinance had been passed. His bid was 18 cents. The bid was accepted on motion of Alderman Graft seconded by Alderman McGinnis.

On motion of Alderman McGinnis, seconded by Alderman Flynn, the mayor and city clerk were instructed to enter into contract with the company to build the walks.

Alderman Flynn wanted to know if something could not be done toward getting Otis Hoffman to build sidewalks in East Lafayette avenue, East Independence avenue, Illinois avenue and East North street for which he had contracts. The alderman made a motion that Mr. Hoffman be notified by the city clerk to build sidewalks in the streets immediately. Alderman complete the work on these streets.

Superintendent of Streets White called the attention of the council to conditions in front of the Metcalf estate in South East street, now controlled by Newton Reid. He said there was no walk there and one was badly needed. The clerk was instructed to advertise for bids to build this walk.

E. H. Gray, in response to a question as to progress in the paving of the street car tracks in East State street said that he was ready to begin welding which would be followed by the laying of the brick.

Mayor Ehnie asked Mr. White about the bad condition of East State street in front of Passavant hospital. Mr. White said that the condition was caused by the intakes being stopped up. He was of the opinion that the condition would exist until the street was paved.

There being no further business the council on motion adjourned.

#### "NOTICE TO FORD OWNERS"

If you want your car repaired or overhauled why not take it to my garage? I carry only "Genuine Ford Parts," and employ only the best workmen. If they can't fix it, it can't be fixed. Ask yourself the question, "Would I take my watch to some neighbor or to some cheap watch-maker to have it repaired?" Your car cost you as much as a dozen watches would cost. Did you ever think of it? C. N. PRIEST, The Ford Man

We wish to thank the teachers, neighbors, and friends for their many acts of kindness during Edith's illness, and for their sympathy and beautiful flowers at the time of her death. Mr. and Mrs. J. D. Johnson and Family.

### RED CROSS DRIVE BEGINS HERE TODAY

Roll Call Committees Will get Into Action—Conference Held Monday Night When Workers Heard Enthusiastic Addresses—"Your Heart and a Dollar" Slogan for All—Business District Captains.

The Red Cross workers of Jacksonville met for a conference at the Christian church Monday evening. Judged by the enthusiastic interest there shown, it will require only a few days to complete the membership roll call in this city.

Earl M. Spink, campaign manager, presided and there was plenty of "pep" and go in all the proceedings. No one could look at that group of earnest women representing all the wards of the city without realizing that the canvass for membership renewals will be actively and zealously pushed forward. All of those present were workers with experience who were trained in war time. The fact that they are still "on the job" is evidence of their continued interest and enthusiasm.

#### The People are Ready

Brief addresses were made by M. F. Dunlap, chairman of the Morgan county chapter of the Red Cross; Dr. Carl E. Black, Dr. Frank Garm Norbury and Rev. W. E. Collins. The chairman then called upon R. F. Thompson, captain of the men's organization in the business district, who related some special experiences in soliciting memberships. Mr. Thompson also belongs to the enthusiastic, zealous class. It was the statement of Mr. Spink that already more than 100 volunteer memberships have been received. He spoke also of visiting several country precincts where the people expressed their pleasure at being asked to renew memberships, indicating that they were expecting a visit from the solicitors.

The speakers all emphasized the fact that there is still a great deal of work to do as the result of the war, that reconstruction problems are really more complex than some of those in the war time. A great many individual incidents were told to show what Red Cross service means and how it is necessary to supplement the government service, taking over various phases of the work which would otherwise not receive attention.

#### The Heart and The Dollar

Another matter which the several speakers pointed out is that this is a campaign with dollars as the secondary consideration. What the Red Cross wants first of all is heart interest and this has led to the phrase "your heart and your dollar" in connection with the membership drive.

In some parts of the country last year \$10 memberships were sought and some life memberships. But the Red Cross discourages this seeking of \$10 memberships because it is realized that interest is sustained better when membership fees are paid annually rather than once in a ten year period. So it is by no means simply money that the Red Cross wants, for it seeks the active aid and interest of all the people everywhere.

The chairman announced the following ward captains in the business district, serving under R. F. Thompson as chairman of the district:

First ward—T. M. Tomlinson. Second ward—Walter Schrag. Third ward—Fletcher Hopper. Fourth ward—Vorse Bassett.

#### "THE NEW WAY"

If you want your car massaged, bring it to me at my garage. I have all the latest "SHOP EQUIPMENT," such as "Burring-in-machines," Re-Boring machines, Arber Presses, Drill Presses, and etc. In fact all the latest shop equipment as recommended by the Ford Motor Co. "Only the best workmen" and here I want to offer a suggestion, "Would you trust your neighbor to fix your watch? If so trust him with your car." C. N. PRIEST, The Ford Man

#### WHITE HALL CROP REPORT

Review of Conditions in Greene County.

White Hall, Nov. 3.—The weekly crop report to the weather bureau for this section, issued today, says:

"Corn shucking and cribbing will get under full headway this week. There have been some isolated cases of shucking between rains during the past two weeks, but this has been mostly for feeding. The corn has matured excellently, and the estimates of average yield run from fifty to sixty bushels to the acre.

"The rain of Friday morning, the 31st, came in such torrential proportions that all streams were sent on a rampage. The ground had been thoroughly soaked with water by previous rains, and Apple creek was bank full. Since the fall of 1.91 inches Friday morning in eight hours. Apple and Macoupin creeks have been out of their banks, but the crop loss in Apple creek bottoms will not be large for the reason that hundreds of acres of corn and wheat were overflooded on June 25th last, and since then considerable late corn was planted, but too late to bring best results even with late corn.

"The apple harvest was given the final touches on October 27th. The crop turned out better than anticipated on account of large size of the fruit and its excellence. Original estimates were

# MYERS BROTHERS.

about one-fourth of a crop, and there turned out to be fully half a crop. For instance the McClays figure on 70,000 barrels for a normal crop, and there proved to be 35,000 barrels. J. W. Ryder reports shipping 500 barrels, half a crop, of the Smith orchards. Both growers say that the size of the fruit is the cause of the crop exceeding expectations.

"There is a continued liberal car supply for the shipment of sewer pipe, drain tile and stone-ware, essential agricultural products, and every car is loaded without delay, and even a larger supply of cars could be utilized without unnecessary delay to roll-

ing stock. There will be no cessation of operations on account of the coal miners' strike for a month to six weeks should the strike be prolonged.

"Pastures and meadows are in splendid condition, and highway conditions show patches of mud that impede traffic on such roads as have not been oiled or graveled under adequate drainage. All the improved highways are in excellent condition.

"There was inadequate sunshine during the past week, and farming operations have been practically at a standstill. There was frost Sunday morning of the heavy type, it having not killed

the bulk of vegetation, and a coating of ice formed in exposed places.

## Criticism and Citizenship

It is the plain, public duty of every citizen to criticize proposed government measures believed to be harmful.

Swift & Company is in a better position perhaps, than others, to understand the meat packing business in all its relations to public and private interests, even though the others may have been giving the subject a great deal of sincere attention.

Swift & Company is convinced that interference with its legitimate business function by governmental agencies, however well intentioned, would be an injury to every man, woman and child who wants meat to eat, as well as to the men who raise the meat and to those who dress and distribute it.

Maximum service that cannot monopolize because of keen competition and lack of control over sources of supply is furnished at a minimum of profit—a fraction of a cent per pound from all sources.

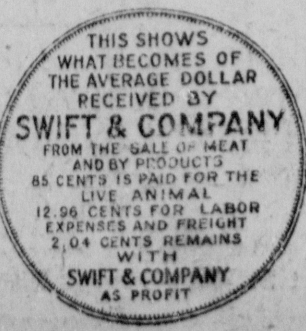

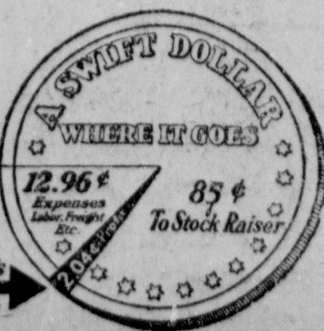

Therefore Swift & Company is taking every legitimate step of citizenship to prevent such interference.

These advertisements are intended to help you, and to help Congress decide what is best to be done. Mistakes are costly and apt to be harmful in these trying times.

Let us send you a Swift "Dollar."

### DON'T PUT OFF

It's the neglected cold, cough, tender throat or tonsils, that debilitate and leave the body disposed to serious germ diseases.

## SCOTT'S EMULSION

should be taken at the first sign of lowered resistance, cold or cough. The energizing virtues of Scott's bring essential nourishment and help to the weakened system.

Give Scott's a trial.

Scott & Bowne, Bloomfield, N. J.

## "OUCH! THAT OLD RHEUMATISM!"

Just get out that bottle of Sloan's Liniment and "knock it galley-west!"

WEREN'T prepared for that quick switch in temperature, were you? Left you stiff, sore, full of rheumatic twinges? You should have had a bottle of Sloan's Liniment handy—that would have soon eased up the muscles, quieted the jumpy, painful, affected part—penetrated without rubbing, bringing gratifying relief.

Helpful in all attacks of lumbago, sciatica, external soreness, stiffness, strains, aches, sprains. Get a bottle at your druggist's. 35c, 70c, \$1.40

## Sloan's Liniment

Keep it handy

### Beauty Answers

By MADAME MAREE

LONGING—You will never again ask yourself why you have such a poor complexion if you will be sure to use the famous "Poor Complexion" cream. You'll wonder why other women have such a poor complexion! Go to the drug store and get one ounce of zintone. This will cost about 50 cents. Mix with two tablespoonsful of glycerine in one pint of water. Apply this cream rather thick and rub it in thoroughly, every day. Every blemish will disappear quickly, and your hopes for a queenly complexion will come true. It never fails to give a queenly, adorable, extraordinary tint and purity to the skin.

MRS. "HAIRY"—It is just as easy to remove superfluous hair now as it is to use your favorite face cream or lotion, and just as agreeable—if you use the proper means. The usual powders and pastes often irritate and redden the skin, and this has done more than anything else to make it a druggist for women to use a superfluous hair remover. Now all danger, irritation and skin reddening is eliminated by the use of a few drops of sulfo solution. You can apply this instantly with the fingers on the hairs to be removed. There is nothing to mix or get ready. The hairs can then be literally wiped off with the fingers. The skin is left smooth and soft as a baby's. This liquid can be applied often, without any skin irritation even to delicate parts. It is ideal for use on the arms, shoulders, bust, ankles, armpits. Never shave off hairs, as this makes them more stiff and grow faster.

SORE ARMS—I want you to try this for the control of that excessive and unbecoming perspiration in the armpits. It will save your garments, too, and prevent many embarrassments. Simply sprinkle lightly the talc in the armpits, freely. This is really a wonderful article for the purpose and any drug store can supply you. A mere cent of this will last you several months.

## LITERBERRY NEWS

### NOTES OF INTEREST

Guests From Missouri at Reckroat Home—Rally Day Services at Grace Chapel—Other Items.

Literberry, Nov. 3.—Mrs. C. P. Snoddy of Marshall, Mo., and Mrs. J. T. Akers of Richmond, Mo., mother and aunt of Mrs. Earl Reckroat, are having a very pleasant visit at "The Maples" with Mr. and Mrs. Earl Reckroat and Alden Earl.

Mr. and Mrs. Arthur Schell of Kentucky are here for a visit with Mrs. Jennie McFarland and John. Mr. and Mrs. Ernest McLaughlin of Plainville are visiting relatives in and around Literberry, making their headquarters at Jesse Liters.

Mr. and Mrs. George Dunnovan of Oklahoma have gone to Jacksonville to finish their visit.

On Sunday afternoon we attended a "Rally Day Service" at Grace Chapel. The program was one from the "M. P. Board of Young People's Work" and the name was "Living for Jesus." This was well carried out, all doing their part. Special mention should be made of the tiny girl who spoke the welcome, little Frances Brainer, for she did so well, taking plenty of time and speaking slowly and distinctly. Another class drew our attention, a class of seven boys and five girls who sang so well. The Chapel has a nice band of girls and boys who are always willing to do their part in the Sunday School. There were several other songs which were well sung. After the rally Rev. Joseph. Yemm took up the "Jewish Relief Drive" and for a foundation took John 4:22, telling his congregation that Our Savior was a Jew, and also, how worthy are the people today of Poland and Palestine and how sadly in need they are. H. E. Ogle and Elmer Smith were put in charge of this worthy work and we are sure they will do their best. The minister then preached a good sermon, also gave a nice talk to the children of the Star with five points—Courtesy, Obedience, Faith, Hope, Love—which was good. The Misses Ellen and Ruth Deatherage have charge of the "Jewish Relief" at Arcadia and we know it will go.

We are under obligations to our good neighbors, Mr. and Mrs. S. Crum for the use of their buggy and driving horse for both Sunday and Monday.

### "NOTICE TO FORD OWNERS"

If you want your car repaired or overhauled why not take it to my garage? I carry only "Genuine Ford Parts," and employ only the best workmen. If they can't fix it, it can't be fixed. Ask yourself the question, "Would I take my watch to some neighbor or to some cheap watch-maker to have it repaired?" Your car cost you as much as a dozen watches would cost. Did you ever think of it?  
**C. N. PRIEST,  
The Ford Man**

### ABOUT THE ROADS.

The present "is a good time to test dirt roads, generally those that were properly graded and oiled are in good shape and in some directions they are reported very good. Out north there are one or two bad soft places with deep auto ruts but if a man stays in them he gets thru all right. The road east is reported fairly good condition. The road to and over the mound is dry and hard as a floor. Turning south from the Point one encounters a highway not very good and turning west again the condition is only fair. Going into Lynnville a man with an oil truck was stalled inside the village limits in a deep quagmire. Going east from Lynnville the roads are fairly good till the highway along the Jacob Strawn farm is reached and there one encounters some very bad mudholes. Turning out from that into the road running north and south by H. H. Massey's the road is rounded up, drained and dragged and dry and hard.

### NOTICE TO FARMERS

We are cleaning up wheat crop of 1919. Anyone having wheat left from seeding and want to sell it bring it in at once. Remember there is no guaranteed price for next year.

**LEWIS-CLARY CO  
City Elevator**

### NOTICE OF EXAMINATION

Examination for teachers' certificate will be held in the office of the county superintendent, Thursday and Friday, November 6th and 7th, 1919. For further information call on or write, H. H. Vasconcellos, County Superintendent Schools.

Public sale at my farm 2 miles east of Pisgah, 4 miles northwest of Franklin Thursday, Nov. 6, beginning at 10 a. m., consisting of horses, cattle and large quantity of farming implements. W. H. Mosley.

### NOTICE TO CONTRACTORS

By order of the city council bids will be received by the undersigned for the construction of certain concrete sidewalks on West Walnut street. Specifications and further facts are available at the office of the city clerk. Bids will be received until 1 o'clock noon Monday, November 3, 1919.  
**R. L. PYATT, City Clerk.**

**WORK PROGRESSING ON DAM**  
John T. Walbridge had his force of men engaged yesterday on the concrete work at the new dam. The inclement weather of last week and difficulty in getting shipments of material has delayed the work somewhat. However, Mr. Walbridge stated yesterday that he had several car loads of gravel in transit and with favorable weather and material reaching him on time he would be able to complete his work in two weeks. He is anxious to complete the work on the spillway.

The opportunity of selecting Fine Furs not carried in regular stock will be offered the ladies today at **FRANK BYRNS' Hat Store.** Last chance.

### MOVING TO NEW QUARTERS

John H. O'Donnell was moving yesterday to his new location, 312 West State street in the Odd Fellows building. Mr. O'Donnell while he will not be straightened up for several days will be ready for business in his new location today.

## Making Motherhood Easier

Happy Days Follow  
The Flight of the Stork

SO profound is the effect which the unborn infant has upon the mother that she may be said to tingle to her very finger tips.

The conditions of pending motherhood, existing as they do, over a protracted period of months, create almost a new state of being to a woman. Just as she prepares herself for it, so will most favorable conditions prevail when her child is born.

Under all normal internal conditions, women who use Mother's Friend need have no apprehension about the ultimate results of maternity. On the contrary, the period of duration in expectancy will be one of joyful anticipation; a looking forward to the wonderful event in perfect serenity.

### USED BY THREE GENERATIONS

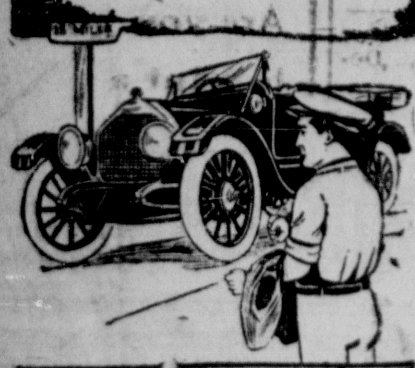

"My mother used Mother's Friend before I was born 26 years ago and my birth was practically a painless one," writes one enthusiastic mother. How very natural then that her own mother, whose experience had unqualifiedly proven the virtue of Mother's Friend would have her daughter enjoy the same benefits.

### SOME DUCK HUNTERS.

About two weeks ago Ernest Wood of Pisgah went duck hunting. Saturday he said he had a presentiment that something was wrong at home and anyhow he wouldn't hunt on Sunday so he packed up and went and surely enough, he found his boy had been shot in the eye as stated at the time in the Journal and he was very glad he went home and also glad that the sight of the boy's wounded eye has been saved.

Last week he went again along with Albert Curry and Leonard Wood but had rather better luck than the first time when he failed to bring home anything. The last time all three of them bagged 48 ducks which they considered rather small for such experienced hunters. Mr. Wood says he will obey the laws of God and man and not shoot on Sunday nor kill anything out of season.

### FOR COUNTY COMMISSIONER

I hereby announce myself as an independent candidate for county commissioner at the election to be held Tuesday, November 4.  
**CHARLES MAGILL.**

## HAVE COLOR IN CHEEKS

Be Better Looking—Take  
Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.
